

Directions: Empty the jar contents into a bowl. Snip the Peeps into bits with kitchen shears or cut up with a knife (to make this easier, spray knife or shears with cooking spray!). Return the Peep bits to the mixture and mix well. Melt $\frac{1}{2}$ cup butter, add 1 tsp. vanilla. Pour this over the dry ingredients, mixing well. Pat into a greased 8x8 baking dish. Bake at 350° for 15 minutes. Cool and cut into bars.
Option 1: leave the Peeps whole; combine remaining ingredients and place cats on top; then bake as directed.
Option 2: omit the vanilla, bake and serve warm over vanilla ice cream -or- use blender to mix with ice cream like a Blizzard.
